About the Supporting Participation Program

This talks about the
Supporting Participation Program.

We call it **SPP** for short.

Participation means taking part in something.

Programs are done to support people in the
community.

SPP supports people with disability to go to **international forums on human rights**.

Like the **United Nations Conference of States Parties**.

The **United Nations** is an organisation where countries come together to

- Talk about world issues
- Fix world issues.

We call it the **UN** for short.

The **Conference of States Parties** is a meeting for all countries that agreed to support the rights of people with disability.

We call it **COSP** for short.

International forums are meetings where people from different countries talk about important issues.

Human rights are rights that everyone has.

Rights are **rules** about treating everyone

- Fair
- Equal.

SPP helps Australia to follow the

- **UN Convention on the Rights of Persons with Disabilities.**

We say **CRPD** for short.

CRPD is an agreement between different countries.

CRPD says how people with disability **must** have their **rights** respected.

SPP also supports people with disability to

- Speak up about their rights

- Represent their organisation.
