

We have a 38 year old son with a disability. He works with The Endeavour Foundation in their workshop at Burleigh in Queensland. David has enjoyed working there for the last 16 years and is quite satisfied with the income he receives from Endeavour, and the way this income is assessed. We ask that BSWAT can continue to be used to work out wages for the next three years or until such time as a solution is developed to the satisfaction of all Australian Disability Enterprises. Sincerely,  
Peter and Heather Coleman, 4/38 Tweed Street, Coolangatta Qld 4225
