

To Whom it may concern,

I am writing to express my opposition against FaHCSIA quest to seek an exemption from the *Disability Discrimination Act 1992 (Cth)* (DDA) so they can continue using the BSWAT.

I feel the BSWAT discriminates against people with intellectual disabilities, and forces them to accept pay-rates that are unacceptable to the general Australian workforce. Forcing them into a life-cycle of never-ending poverty, all the while making a very healthy profit by the proprietors of these ADE's... It is clear to me that this is a criminal act against people with intellectual disabilities, and people with disabilities in general...

I urge the Human Rights Commission *NOT* to allow FaHCIA to seek an exemption from the *Disability Discrimination Act 1992 (Cth)* (DDA) so they can continue using the BSWAT. As it will devalue the rights of all people living in Australia with a disability. All People With Disabilities, should have the right to earn a decent wage and to take our place in the Australian Workplace alongside able-bodied Australians...

I look forward to hearing from you on this matter within 14 days.

Yours faithfully,

Jacqueline Greene
