Dear Sir / Madam

Re: BSWAT PAYMENT
SYSTEM

Tim works in the lawn
mowing crew and I
work in the cleaning
crew at Lake Macquarie
City Council.

We both think the system
being used is Un-fair too!
It makes us feel that
we don't do an as efficient
job as regular employed
people.

P.T.O.

university of the north

2

We feel that and have been told by our supervisors that we do as good a job as anyone would.

What we currently get paid is what kids get paid doing housechores at home. I only get \$5-50^c per hour. I worked at likenu appliances in 2009 and I was paid \$18.00 per hour.

I am not on a disability pension and have been employed by Endeavour Industries for 13 months.

We feel that our work is undervalued.

Minimum Wage

3/

We should be paid the minimum wage or only slightly less this pay system is too low.

There should only be 2 pay increments if any. Those who's work performance isn't as good as one in regular employment gets the lower rate. The other who are good workers, as good as people in regular employment should get the higher rate either the minimum wage or if not the difference should be closer to the minimum wage which is around \$16-00 per hour.

Kingdom of the Netherlands

4/

This change should
not take 3 years
that is too long to
wait.

Yours sincerely
Plemie Woods
