## Our Services

### Good Vibrations

Designed by young people, for young people. Good Vibrations is our weekly social event for young people to come together and build positive peer connections in a safe and supported environment.

### Pamle Pamle

Pamle Pamle is our youth support service with a unique family based approach. We give our young people the opportunity to connect with inspiring positive role models and form lasting relationships with members of our community.

### Wanna Know

A challenge every researcher has is engaging and connecting with young people to gain true representations of data. Wanna Know offers facilitation support for those seeking to connect with young people for the purpose of research and development.

### Level Up

DIYDG aim to provide a transition to education support service for young people disengaged, or at risk of disengaging from education, training and employment. DIYDG hopes to connect young people with positive role models, develop a sense of identity, build resilience and develop their emotional intelligence.
